Related documents	Privacy Notice; Data Protection Policy and Privacy Notice

1. What cookies are

Cookies are small text files that a website stores on your device. Similar technologies, such as browser local storage, work in the same way. This notice explains how InnoRail International Limited ("InnoRail", "we", "us") uses them on our website, www.innorail.co.uk, and on our apps portal, apps.innorail.co.uk.

2. Our website

www.innorail.co.uk does not set any cookies. It does not use analytics, advertising or tracking tools, and it does not load content from third party services that set their own cookies. Because of this, we do not show a cookie banner on our website.

3. The apps portal

apps.innorail.co.uk uses only strictly necessary cookies, or similar browser storage.

TYPE	WHAT IT DOES	HOW LONG IT LASTS
Sign in session	Keeps you signed in once you have logged in, and signs you out when your session ends or times out	Until you sign out, close your browser or the session times out
Security	Protects your account and our service, for example against forged requests and repeated failed sign in attempts	For the length of your session

The portal cannot work without them, so the law does not require your consent for them. They are not used for analytics or advertising and are not shared with anyone else.

4. Links to other websites

Our website links to other sites, such as LinkedIn. Those sites have their own cookie and privacy notices, which apply once you visit them.

5. Managing cookies

You can block or delete cookies in your browser settings at any time. If you block strictly necessary cookies, you will not be able to sign in to the apps portal.

6. If this changes

If we ever add analytics or any other cookies that are not strictly necessary, we will ask for your consent before setting them, and we will update this notice first.

7. Contact

For more on how we use personal data, see our Privacy Notice and our full Data Protection Policy and Privacy Notice, published at apps.innorail.co.uk/policies/data-protection-policy.pdf. If you have any questions, contact our Data Manager at privacy@innorail.co.uk.

8. Review

We review this notice at least once a year and whenever our website or apps portal changes how it uses cookies.
